

## Assignment #4

**Name:** \_\_\_\_\_ **Grade:** \_\_\_\_\_ **Date:** \_\_\_\_\_

## Rivers: Odd One Out

**Instructions:** Below is a list of issues, themes and concepts that you have come across in your work about rivers.

1. Circle the odd one out in each row. You may need to refer back to your notes.
2. Explain why it is the odd one out.
3. Add **ONE** more term at the end of each row. Keep the odd one out the same.

<b>Total Marks</b> <b>24</b>
---------------------------------

Number	Issues, themes and concepts			Reasoning	Additional choice
1	abrasion	bedload	hydraulic action		
2	traction	saltation	suspension		
3	meander	transport	erosion		
4	river cliff	slip-off slope	waterfall		
5	waterfall	estuary	plunge pool		
6	V-shaped valley	interlocking spurs	lateral erosion		
7	upper course	gentle gradient	smooth bed and banks		
8	delta	meander	middle course
